

Sampson County Channel Changes

Due to Network constraints, effective 12/31/17 WECT (NBC) channel 6 & 306 HD is being removed from the StarVision (Analog & Digital), Luminous, and StarTV Sampson County line-ups.

WECT (NBC) channel 6 is in the Wilmington Designated Market Area.

WRAL (NBC) channel 5 is the broadcast station assigned to the Sampson County–Raleigh Designated Market Area.

New contractual obligations prevent Star Communications from carrying multiple NBC broadcast stations in the same DMA.

This does not affect the Wilmington Bladen County channel line-up.
