

STAR TELEPHONE MEMBERSHIP CORPORATION

ACCEPTABLE USE POLICY FOR BROADBAND INTERNET SERVICES

Star has adopted this Acceptable Use Policy (“AUP”) to outline the acceptable use of **Star**’s Broadband Internet service (“Broadband Service”). This AUP is in addition to any restrictions contained in the **Star** Fireline DSL Agreement for Residential Broadband Services (the “Subscriber Agreement”) available at www.stmc.net. Please refer to the Frequently Asked Questions (“FAQs”) at www.stmc.net which includes explanations of how **Star** implements and applies many of the provisions contained in this AUP.

All capitalized terms used in this AUP that are not defined here have the meanings given to them in the Subscriber Agreement.

You, the customer, must comply with this AUP. Your failure to do so could result in the suspension or termination of your Broadband Service account. If you do not agree to comply with this AUP, you must immediately stop all use of the Broadband Service and notify **Star** so that it can close your account.

Star may revise this AUP from time to time by posting a new version on the Web site at www.stmc.net (the “**Star** website”). **Star** will use reasonable efforts to make customers aware of any changes to this AUP, which may include sending e-mail announcements or posting information on the **Star** website. Revised versions of this AUP are effective immediately upon posting. Accordingly, customers of the **Star** Broadband Internet Broadband Service should read any **Star** announcements they receive and regularly visit the **Star** web site and review this AUP to ensure that their activities conform to the most recent version. You can send questions regarding this AUP to, and report violations of it at www.stmc.net. To report illegal content on the Internet go to www.ftc.gov.

I. Prohibited Uses and Activities

In general, this AUP prohibits uses and activities involving the Broadband Service that are illegal, infringe the rights of others, or interfere with or diminish the use and enjoyment of the Broadband Service by others.

A. Network and Usage Restrictions

No user of the Broadband Service, Customer Equipment, or **Star** Equipment may, individually or in combination with another:

1. restrict, inhibit, or otherwise interfere with the ability of any other person, regardless of intent,

purpose or knowledge, to use or enjoy the Broadband Service (except for safety and security functions such as parental controls, for example), including, without limitation, posting or transmitting any information or software which contains a worm, virus, or other harmful feature, or generating levels of traffic sufficient to impede others' ability to use, send, or retrieve information;

2. restrict, inhibit, interfere with, or otherwise disrupt performance of the Broadband Service or cause a performance degradation regardless of intent, purpose or knowledge, to the Broadband Service or any **Star** (or **Star** supplier) host, server, backbone network, node or service, or otherwise cause a performance degradation to any **Star** (or **Star** supplier) facilities used to deliver the Broadband Service;
3. resell the Broadband Service or otherwise make available to anyone outside the Premises the ability to use the Broadband Service (for example, through wi-fi or other methods of networking), in whole or in part, directly or indirectly. You agree not to use the Broadband Service for operation as an Internet service provider;
4. connect the **Star** Equipment to any computer outside of your Premises;
5. interfere with computer networking or telecommunications service to any user, host or network, including, without limitation, denial of service attacks, flooding of a network, overloading a service, improper seizing and abusing operator privileges, and attempts to "crash" a host; and
6. accessing and using the Broadband Service with anything other than a dynamic Internet Protocol ("IP") address that adheres to the dynamic host configuration protocol ("DHCP"). You may not configure the Broadband Service or any related equipment to access or use a static IP address or use any protocol other than DHCP unless you are subject to a Broadband Service plan that expressly permits you to do so.

B. Conduct and Information Restrictions

No user of the Broadband Service, Customer Equipment, or **Star's** Equipment may, individually or in combination with another:

1. avoid incurring charges for or otherwise being required to pay for usage of the Broadband Service;
2. invade another person's privacy, stalk, harass, or otherwise violate the rights of other persons;
3. undertake or accomplish any unlawful purpose. This includes, but is not limited to, posting, storing, transmitting or disseminating information, data or material which is libelous, obscene, unlawful, threatening or defamatory, or which infringes the intellectual property rights of any person or entity, or which in any way constitutes or encourages conduct that would constitute a criminal offense, or otherwise violate any local, state, federal, or non-U.S. law, order, or regulation;
4. post, store, send, transmit, or disseminate any information or material which a reasonable person could deem to be unlawful;
5. upload, post, publish, transmit, reproduce, create derivative works of, or distribute in any way information, software or other material obtained through the Broadband

Service or otherwise that is protected by copyright or other proprietary right, without obtaining any required permission of the owner;

6. collect, or attempt to collect, personal information about third parties without their consent;
7. transmit unsolicited bulk or commercial messages commonly known as "spam;"
8. send voluminous copies of the same or substantially similar messages, empty messages, or messages which contain no substantive content, or send very large messages or files that disrupts a server, account, blog, newsgroup, chat, or similar service;
9. initiate, perpetuate, or in any way participate in any pyramid or other illegal scheme;
10. participate in the collection of voluminous amounts of e-mail addresses, screen names, or other identifiers of others (without their prior consent), a practice sometimes known as spidering or harvesting, or participate in the use of software (including "spyware") designed to facilitate this activity;
11. collect responses from unsolicited bulk messages;
12. falsify, alter, or remove message headers;
13. falsify references to **Star** or its network, by name or other identifier, in messages;
14. impersonate any person or entity, engage in sender address falsification, forge anyone else's digital or manual signature, or perform any other similar fraudulent activity (for example, "phishing");
15. violate the rules, regulations, terms of service, or policies applicable to any network, server, computer database, service, application, system, or Web site that you access or use.

C. Technical Restrictions

No user of the Broadband Service, Customer Equipment, or the **Star** Equipment may, individually or in combination with another:

1. access any other person's computer or computer system, network, software, or data without his or her knowledge and consent; breach the security of another user or system; or attempt to circumvent the user authentication or security of any host, network, or account. This includes, but is not limited to, accessing data not intended for you, logging into or making use of a server or account you are not expressly authorized to access, or probing the security of other hosts, networks, or accounts without express permission to do so;
2. use or distribute tools or devices designed or used for compromising security or whose use is otherwise unauthorized, such as password guessing programs, decoders, password gatherers, keystroke loggers, analyzers, cracking tools, packet sniffers, encryption circumvention devices, or Trojan Horse programs. Unauthorized port scanning is strictly prohibited;
3. copy, distribute, or sublicense any proprietary software provided in connection with the Broadband Service by **Star** or any third party, except that you may make one copy of each software program for back-up purposes only;
4. distribute programs that make unauthorized changes to software (cracks);

5. service, alter, modify, or tamper with **Star** Equipment or Broadband Service or permit any other person to do the same who is not authorized by **Star**.

II. Customer Conduct and Features of the Broadband Service

A. Customer Obligations

In addition to being responsible for your own compliance with this AUP, you are also responsible for any use or misuse of the Broadband Service that violates this AUP, even if it was committed by a friend, family member, or guest with access to your Broadband Service account. In all cases, you are solely responsible for the security of any device you choose to connect to the Broadband Service, including any data stored or shared on that device. It is also your responsibility to secure the Customer Equipment and any other Premises equipment or programs not provided by **Star** that connect to the Broadband Service from external threats such as viruses, spam, bot nets, and other methods of intrusion.

B. Star's Rights

Star reserves the right to refuse to transmit or post, and to remove or block, any information or materials, in whole or in part, that it, in its sole discretion, deems to be in violation of Sections I or II of this AUP, or otherwise harmful to **Star's** network or customers using the Broadband Service, regardless of whether this material or its dissemination is lawful so long as it violates this AUP. Neither **Star** nor any of its affiliates, suppliers, or agents have any obligation to monitor transmissions or postings (including, but not limited to, e-mail, file transfer, blog, newsgroup, and instant message transmissions) made on the Broadband Service. However, **Star** and its affiliates, suppliers, and agents have the right to monitor these transmissions and postings from time to time for violations of this AUP and to disclose, block, or remove them in accordance with this AUP, the Subscriber Agreement, and applicable law.

C. Service Restrictions

All of **Star's** network and system services are provided according to scheduled fees for each type of service. You agree to use such services in accordance with the terms set forth below.

1. Email Services

- (i) **Unsolicited Email Prohibited** - You may not use **Star**-hosted email addresses for the purpose of sending unsolicited email. You may not use or cause to be used **Star's** equipment, network connectivity, or other resources to originate, deliver, relay or otherwise transmit unsolicited email messages. You may not engage in any of the foregoing prohibited activities by using the service of any other provider, third-party agent, remailing service or address forwarding service, in such a way that **Star's** network addresses or **Star**-hosted web or email services

are in any way identified as being associated with the sending of unsolicited email.

(ii) Unauthorized use, or forging, of mail header information (e.g. “spoofing”) is prohibited.

(iii) Fraudulent Activity Prohibited – You may not use the **Star** Broadband Services to make fraudulent offers to sell or buy products, items, services, or to advance any type of financial scam such as “pyramid schemes”, “Ponzi schemes”, or “chain letters.” You may not use techniques to hide or obscure the source of any e-mail or other communications.

The Broadband Service may not be used to communicate or distribute e-mail or other forms of communications in violation of Section I of this AUP. As described below in Section III of this AUP.

2. Instant, Video, and Audio Messages

Each user is responsible for the contents of his or her instant, video, and audio messages and the consequences of any of these messages. **Star** assumes no responsibility for the timeliness, misdelivery, deletion, or failure to store these messages. In the event that a Broadband Service account is terminated for any reason, all instant, video, and audio messages associated with that account (and any secondary accounts) will be permanently deleted as well.

III. Network Management and Limitations on Data Consumption

Star manages its network with the goal of delivering a fast, safe and uncompromised broadband Internet experience to all of its customers. But, high-speed bandwidth and network resources are not unlimited. Managing the network is essential for the promotion of best possible Broadband Internet experience by all of **Star**'s customers. The company uses reasonable network management practices that are consistent with industry standards. **Star** tries to use tools and technologies that are minimally intrusive and, in its independent judgment guided by industry experience, among the best in class. Of course, the company's network management practices will change and evolve along with the uses of the Internet and the challenges and threats on the Internet.

By engaging in responsible network management including enforcement of this AUP, **Star** can deliver the best possible broadband Internet experience to all of its customers. Visit **Star**'s website at www.stmc.net for more information.

A. Network Management

Star uses various tools and techniques to manage its network, deliver the Broadband Service, and ensure compliance with this AUP and the Subscriber Agreement. These tools and techniques are dynamic, like the network and its usage, and can and do change frequently.

B. Network Usage and Data Consumption Restrictions

You acknowledge that all of the **Star** Internet services are intended for periodic, active use of email, user newsgroups, transfers via FTP, Internet chat, Internet games, and browsing of the Internet. You agree not to intentionally weaken network performance.

You must ensure that your use of the Broadband Service does not limit or interfere with **Star's** ability to deliver and monitor the Broadband Service or any part of its network.

If you use the Broadband Service in violation of the restrictions referenced above, that is a violation of this AUP. In these cases, **Star** may, in its sole discretion, suspend or terminate your Broadband Service account or request that you subscribe to a version of the Broadband Service (such as a commercial grade Internet service, if appropriate) if you wish to continue to use the Broadband Service at higher data consumption levels. **Star** may also provide versions of the Broadband Service with different speed and data consumption limitations, among other characteristics, subject to applicable Broadband Service plans.

Star's determination of the data consumption for Broadband Service accounts is final.

IV. Violation of this Acceptable Use AUP

Star reserves the right to immediately suspend or terminate your Broadband Service account and terminate the Subscriber Agreement if you violate the terms of this AUP or the Subscriber Agreement.

Star does not routinely monitor the activity of individual Broadband Service accounts for violations of this AUP, except for determining aggregate data consumption in connection with the data consumption provisions of this AUP. However, in the company's efforts to promote good citizenship within the Internet community, it will respond appropriately if it becomes aware of inappropriate use of the Broadband Service. **Star** has no obligation to monitor the Broadband Service and/or the network. However, **Star** and its suppliers reserve the right at any time to monitor bandwidth, usage, transmissions, and content in order to, among other things, operate the Broadband Service; identify violations of this AUP; and/or protect the network, the Broadband Service and **Star** users.

Star prefers to inform customers of inappropriate activities and give them a reasonable period of time in which to take corrective action. **Star** also prefers to have customers directly resolve

any disputes or disagreements they may have with others, whether customers or not, without **Star**'s intervention. However, if the Broadband Service is used in a way that **Star** or its suppliers, in their sole discretion, believe violates this AUP, **Star** or its suppliers may take responsive actions they deem appropriate under the circumstances. These actions include the immediate suspension or termination of all or any portion of the Broadband. Neither **Star** nor its affiliates, suppliers, nor agents will have any liability for any of these responsive actions. These actions are not **Star**'s exclusive remedies and **Star** may take any other legal or technical actions it deems appropriate with or without notice.

Star reserves the right to investigate suspected violations of this AUP, including the gathering of information from the user or users involved and the complaining party, if any, and examination of material on **Star**'s servers and network. During an investigation, **Star** may suspend the account or accounts involved and/or remove or block material that potentially violates this AUP. You expressly authorize and consent to **Star** and its suppliers cooperating with (i) law enforcement authorities in the investigation of suspected legal violations, and (ii) and system administrators at other Internet service providers or other network or computing facilities in order to enforce this AUP. Upon termination of your Broadband Service account, **Star** is authorized to delete any files, programs, data, e-mail and other messages associated with your account (and any secondary accounts).

The failure of **Star** or its suppliers to enforce this AUP, for whatever reason, shall not be construed as a waiver of any right to do so at any time. You agree that if any portion of this AUP is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions will remain in full force and effect. You agree to indemnify, defend and hold harmless **Star** and its affiliates, suppliers, and agents against all claims and expenses (including reasonable attorney fees) resulting from any violation of this AUP. Your indemnification will survive any termination of the Subscriber Agreement.

V. Copyright and Digital Millennium Copyright Act Requirements

Star is committed to complying with U.S. copyright and related laws, and requires all customers and users of the Broadband Service to comply with these laws. Accordingly, you may not store any material or content on, or disseminate any material or content over, the Broadband Service (or any part of the Broadband Service) in any manner that constitutes an infringement of third party intellectual property rights, including rights granted by U.S. copyright law. Owners of copyrighted works who believe that their rights under U.S. copyright law have been infringed may take advantage of certain provisions of the Digital Millennium Copyright Act of 1998 (the "DMCA") to report alleged infringements. It is **Star**'s policy in accordance with the DMCA and other applicable laws to reserve the right to terminate the Broadband Service provided to any customer or user who is either found to infringe third party copyright or other intellectual property rights, including repeat infringers, or who **Star**, in its sole discretion, believes is infringing these rights. **Star** may terminate the Broadband Service at any time with or without notice for any affected customer or user. Please refer to Star Telephone's Copyright and Intellectual Property Policy at <http://www.starcom.net/notices.html> for a complete description of Star Telephone's practices, enforcement procedures, and information on how to report infringement under the DCMA.
